Intervention Packages:

At NeuroNest, our intervention packages are fixed and designed to provide consistent support for your child’s developmental needs. Any such package can be paid in instalments on a monthly basis. Below is an overview of the available packages:

30-Minute Sessions

The 30-minute session package is offered exclusively as a 20-session package.	€1,200 (up to 4 instalments)
Includes 1 hour of individual parent consultations and 1 progress report to track and discuss your child's development.	

45-Minute Sessions

The 45-minute session packages provide a balanced approach to therapy.	
15-session package:	€1,050 (up to 3 instalments)
Includes 1 hour of individual parent consultations and 1 progress report to track and discuss your child's development.	
20-session package:	€1,300 (up to 4 instalments)
Includes 2 hours of individual parent consultations and 2 progress reports to track and discuss your child's development.	

60-Minute Sessions

The 60-minute session packages are ideal for comprehensive developmental support.	
10-session package:	€900 (up to 2 instalments)
Includes a final progress report summarizing your child's progress and offering recommendations for further development.	
15-session package:	€1,275 (up to 3 instalments)
Includes 1 hour of individual parent consultations and 1 progress report to track and discuss your child's development.	
20-session package:	€1,600 (up to 4 instalments)
Includes 2 hours of individual parent consultations and 2 progress reports to track and discuss your child's development.	

Payment Policies

Full Payment at First Session

Payment for your first integrated session is due on your initial visit. If you choose to pay per session, payment is required on the day of each appointment to secure and optimize that time for your child. If you've purchased a package, your first installment is due on the initial visit, with the remaining balance payable in monthly installments. This ensures your child's sessions are reserved and tailored to their needs.

Consultation and Weekly Session Fees

For initial parent consultations followed by developmental sessions (instead of a full assessment), the consultation fee must be paid upfront to secure the slot. Once a developmental plan is developed, payments for weekly sessions must be made in advance to secure your reserved times.

Assessment and Report Writing Fees

Fees for assessments and report writing vary based on your child's individual needs. These will be discussed and agreed upon during the initial consultation. Assessments may include developmental evaluations, sensory profiling, and tailored intervention plans designed specifically for your child.

Payment for Session Packages

NeuroNest offers the option of payment plans for selected session packages by allowing monthly instalments based on the length of the package. The goal is to make our services accessible to all families. Payment plan details must be discussed and agreed upon in person during the consultation. A payment agreement will need to be signed before the start of the sessions.

Payment Methods

Payments can be made in person using a credit or debit card through our POS terminal. EFT (Electronic Funds Transfer) payments are accepted but must be received at least two working days prior to the scheduled appointment to secure the session. We accept cash payments at the practice on the day as well.
